Wm. Trauernicht returned from his trip to Dunkin county Sunday morning. He says the fishing is fine but the duck shooting on the bum. No ducks at all.

W. D. Fletcher and A. L. Schwab attended a sale of Hereford cattle at Farmington Saturday. They report everything brought fancy prices. One cow was sold for \$310. Calves brought from \$75 to \$175.

Several electric storms—rather unusual for the time of the year—will be excellent indications for rain, the past week—but the rain came very sparingly. We are still needing a regular down-pour.

The Presiding Elder will preach at Union Church Saturday evening and hold quarterly conference. Sunday morning he will hold service at Fort Hill and administer the sacrament of the Lord's Supper.

It is expected that the county will be flooded with Dickey money this week. Iron county Democrats will stand fast to Jim Reed and Democracy no matter how much money the Kansas City man turns loose.

D. L. Edson, of Columbia, Mo., agent of Children's Bureau State Board of Charities and Corrections, was an Ironton visitor Monday. Mr. Edson made an inspection of the jail and buildings on the poor farm while here.

Dr. W. G. Patton, assistant superintendent of State Hospital No. 4 at Farmington, spent several hours last Friday in West Plains visiting among friends. He also visited his former home in Thayer—Howell County Gazette.

Recorder Hawkins issued the following marriage licenses the past week: Oscar Adams and Ava Venson of Vulcan.

John Smith and Mary Worley of Goodwater.

Superintendent Hanson says that the Teachers' Meeting at Annapolis last Saturday afternoon was well attended and proved satisfactory in every way. The next meeting will be held at Bellevue, Saturday afternoon and evening, November 25th.

J. W. Allen, the monument man, expects to remove to Bonne Terre in the near future. The REGISTER is mighty sorry to see Miss Esther leave town. She has been a most valued helper in the REGISTER office at various times the past three years.

Hons. O. R. O'Bryan, of Charleston, and Jere Burks, of Farmington, will make Democratic speeches at Annapolis, Friday night, November 24, at 7:30 p. m., and Ironton, Saturday night, November 25th. Turn out and hear interesting discussion of the issues of the day.

The date of the Democratic speaking at King's School House, in the south end of the county, has been changed from Friday, November 24, to Thursday, November 23, at 7:30 p. m. Messrs. Jere Burks, Edgar and Keith will make addresses. At Vulcan Friday afternoon at 1:30.

Norman Goetz went to Farmington Monday, where he will have charge of a music store, which business, W. A. Gilliam, of Bonne Terre, has opened up there. Norman is a fine young man, and will give a good account of himself. The good wishes of his Bismarck friends follow him.—Bismarck Gazette.

Every Democrat in Iron county should make a special effort to get to the polls next Tuesday, and vote the ticket straight—from Presidential electors, all the way down. We have a most worthy ticket and all the right in our side. Let Iron county do her full part toward an unparalleled Democratic victory in State and Nation.

Mr. Wm. Trauernicht Tuesday received a postal card from his niece, Miss Lulu Leggett, of Bismarck, telling of the death of her grandfather Leggett, which occurred in Peru, New York, Monday morning. The deceased was 91 years, 3 months and 15 days old, and father of the late C. H. Leggett, former well known citizen of Bismarck.

Dr. E. E. Jones and Mr. C. L. Stevenson, of Libourne, Mo., arrived in Ironton from Bismarck in an automobile Sunday afternoon. After spending a day here they left for Brunot to visit relatives. Dr. Jones has been in Libourne about nine years and has been very successful, indeed. He reports the business good in that section, the farmers getting top prices for everything.

One old G. A. R. man in this county, who probably never voted for a Democrat in his life, says: "The Democrats are sure to win every thing this year—from President down to Constable. And what hurts me most they deserve to win. They have given us lots of good legislation, and greater than all else, President Wilson has kept us out of war. I had four years of war once and I don't want any more of it."

The boys' basketball team went to Ironton Saturday, and after a battle royal went down in defeat, the score being 17 to 15. The game was close throughout and some star plays were made by both sides. Our team was somewhat weakened on account of some of the regular players not being able to go. The team is not discouraged over the defeat, and will try to go on the winning side the next game they play.—Bismarck Gazette.

A barn on the farm of Mrs. J. L. Milburn, on Marble Creek, about eight miles south of Ironton, was struck by lightning and destroyed during the electrical storm Monday evening. Two horses, a mare and about 200 worth of hay were lost. Some other animals in the barn were gotten safely out. It is thought the three that perished were either killed outright by the stroke, or shocked so they could not get out of the barn.

The Republicans imported a "high falutin'" nigger from St. Joseph to make a speech to the local colored brethren last Wednesday night. He is one of the "big fellows" kind—just a little better "than any white man." He was automobile and accorded much attention by some of the white bosses. If every Democrat in Iron county could have heard his talk, we are told, they would do little scratching when they get hold of a Democratic halloo next Tuesday.

G. M. London, who has been spending the past few weeks in Miami, Oklahoma, looking after some mining interest there for Farmington parties, spent several days last week with his family here. He reports that Miami is a very flourishing and rapidly growing little city with fortunes being made rapidly in the mining industry in that vicinity. He thinks there are many opportunities there for the development of profitable mining properties.—Farmington News.

Election returns will be received at the Picture Show next Tuesday night. A good three-reel show with a fine comedy Thursday evening of this week. "The Price of Her Silence," featuring Florence Labadie, Saturday night, five reels, promises to be one of the best and most interesting pictures ever shown here.

A. P. SCHAEFER, Manager.

Rev. Wm. M. Woodfin, secretary of the Presbyterian Board of Temperance for the Southwest, will deliver an address on "Prohibition and Prosperity, or Business and Booze" at the Presbyterian church, in Ironton this (Wednesday) evening. The Methodist and Baptist church will have no prayer meeting services on that evening in order that their congregations may be free to attend the lecture. All those who favor prohibition as well as those who oppose, are invited to be present and hear a rational presentation of the subject.

De Soto Times: "Last week a 'freshie' looking man was going about the town and naturally arousing a good deal of curiosity. He was Joseph F. Mikulew who is wandering about the world for 20 years on a promise of receiving \$10,000 at the end of the period. He started on his wandering from Zagreb, Croatia, January 1, 1901. He has written credentials of rulers of governments from both hemispheres. He carried a large book in which he had officials sign their name to prove his presence here. He has filled many volumes of these books sixteen years."

A very enjoyable afternoon was spent at the home of Mrs. R. Crow, Tuesday, October 24th, it being the second meeting of the "Ladies Social Club." We were delightfully entertained by the hostess in her own hospitable way—springing many surprises upon us which caused much merriment and merriment. The reading of one of Longfellow's poems by Mrs. A. M. Averill of St. Louis, entitled "Elizabeth," was well rendered. A two course lunch was served in the dining room, and proved a feast of good things, and won much credit to the hostess. As all things must have an end, "goodbye" had to be said and the time for parting came too soon.

Sheriff Blue returned from a trip to the west end of the county Monday evening, having in charge one Ran Jennings, charged with the murder of Oran Greenwood. On the night of October 20th these two young men attended a dance at the home of Roy Smith at O'Bannons mill, not far from Goodwater. The two became involved in a quarrel and said they would "fight it out." They were searched, no weapons found on them and told to go on with the fight. But the searchers evidently had not examined Jennings very closely for the contest had scarcely begun when he drew a knife and cut his adversary badly several times, in the stomach and back. Greenwood died from the result of his wounds the following Thursday morning. Jennings is now in jail and will be given a hearing November 25th.

The following will be read with pleasure by the Vallegians of the old time, who have long recognized the superior literary merit of Mrs. Leech. That her contribution was awarded first place against over four hundred contestants is matter for congratulation, but is not surprising to us who know her: Farewell to thee! Thou fairest dream Wrought for our sister city's glory Thy radiance through the years shall stream In memory's oft-repeated story. Aloha! When the vast crowd of Angelones are ready to return homeward from a strenuous day of sight-seeing and merry-making at the San Diego exposition this evening, Secretary Wiggins of the Los Angeles Chamber of Commerce will lead a chorus in the singing of the Hittite Hawaiian song of farewell, "Aloha," and as an after-echo will present the foregoing verse, handsomely embossed and framed, to the officials of the exposition. It will be Los Angeles county's official farewell to San Diego and its great fair. The presentation of the farewell ode by the Los Angeles Chamber of Commerce will be on behalf of sixty-seven cities and towns in the county, which are sending delegations to to-morrow's celebration. The quatrain was written by Mrs. Rose Hughes Leech, a Los Angeles woman, and was selected as the best of 417 submitted.—Los Angeles (Cal.) Times.

The Boys' Basketball Team of Ironton High School will play the Piedmont team at Piedmont on Saturday, November 4.

On Saturday, at Bismarck, the boys' and girls' Basketball Teams of Ironton High School played respectively the boys' and girls' teams of Bismarck High School. The Ironton boys won 21 to 20 in a fast game that gave them an opportunity to display their excellent team work. This is their third victory of four games played this season. The Ironton girls' team was defeated 40 to 2, but in view of the short time they have been in practice and the fact that they have won those two goals. The team consists of Hester Rudy, Captain, Olive Kendall, Florence Fisher, Carrie May Lytle, Esther McKinney and Edith Hotson. Substitutes are Anna Farrar and Mary Rudy. Excellent material for a future winning team.

Annapolis News.

We are needing rain bad; but little rain has fallen here for two months, and it is dry.

James B. Sheldon of Annapolis is some better today. Dr. Fitzpatrick of Leesterville was called to see him the past week and it is thought he may get around soon.

Mr. Oscar Adams and Ava Venson of Vulcan, Iron county, Missouri, were united in matrimony at Esquire Kitchell's office, October 27th, 1916. Sylvester Kitchell, J. P., officiating.

Politics is running high in Annapolis. It is hard to tell who of the two parties will come out winners.

The Teachers' Meeting at Annapolis last Saturday was well attended by teachers far and near and all had a good time. Among the crowd of teachers to visit the J. P.'s office were Mr. Hanson, the School Commissioner of Ironton, and Mr. Hickman, of near Boone, Missouri, and four young lady teachers. The J. P. did not know them but says they were a handsome lot of young ladies. Mr. Hanson had a roll of maps—as much as he could carry—with him, and the J. P. accused him of being out peddling. Of course he denied it and before leaving our town he made a present of one of the maps for which the J. P. thanks him very kindly.

A. L. Daniel, Constable of Des Arc, is in town today and reports business good around Des Arc and politics high. The ticket at that place will be split up some, but not as much as expected.

Fred C. Kitchell of Des Arc is a candidate for Constable of Union Township. A. L. Daniels' time will expire this fall.

We had quite an electrical rain storm Sunday night; hail and a great deal of wind, but little damage done.

John T. Webb, while running his mill the first of last week, got his hand caught under a steel chain, on the belt and caused him some very sore hand but no broken bones, as luck would have it.

Mr. Nathan Sutton, of Kinney Branch, near Annapolis, is visiting John Ionia and daughter of Flat River.

John R. Kitchell and Mally Kitchell of Haileyville, Oklahoma, were visitors of his father and family the past week. The son looked hale and hearty but his wife was very feeble and looks old and broken down and also in very bad health. They returned home last Wednesday. He takes them the most of two days and nights to make the trip to their home, via of Little Rock; then you take the Rock Island Railroad to Haileyville, Okla. He is figuring on coming back to Missouri in 1917 if nothing keeps him from it.

Hartford Collins is having hard luck to get coal cars to ship out mining props from Annapolis at the present time.

Reese & Brooks have purchased a boiler for their Handle Factory and as soon as possible it will be operated by steam in place of gasoline, and are expecting to do a mercantile business hereafter in the way of manufacturing wood handles of all descriptions.

A. L. Daniels is taking a dog in custody by writ of reply in favor of Cornshaw vs. Ben Huddleston of near Vulcan. Mr. Huddleston gave up the dog and paid half of the costs and Mr. Daniels still has the dog in his possession waiting for the other two dollars and sixty cents, and if not paid there will be a dog sale in the near future.

Wm. Moss has gone out to Black River to run a saw mill for James Brewer of Bear Creek. They will saw hickory mostly, to be manufactured into handles for Bolch & Watter's Handle Factory at Annapolis.

There will be a lot of speaking by the Democratic candidates in Iron county this week. I don't know what the candidate will say for the old soldier pension this time, but it is hoped they will appropriate money enough to pay all back indebtedness and keep the old rebels paid up for the next two years to come. If your humble servant knew the coming representative would go back on the Confederate Pensioners, the writer would not go to the polls and be no pensioner whatever, but feels for those that are.

Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Dr. Price's Cream Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Some baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.
